

Name: _____

Date: _____

Area of Rectangles

Using Formula

Remember!

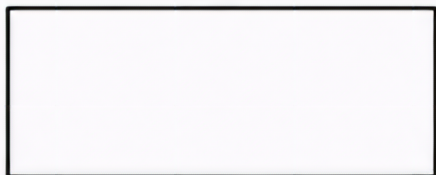

Area of a Rectangle
= Length $\times$ Width
 $A = l \times w$

Find the area of each rectangle. Show your work in the space provided.

1

12 cm

7 cm

Formula: _____

A = _____ square units

2

9 m

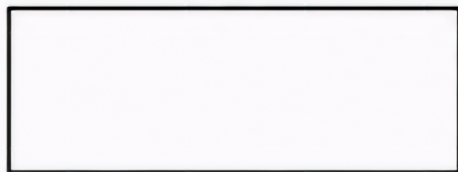

5 m

Formula: _____

A = _____ square units

3

15 ft

8 ft

Formula: _____

A = _____ square units

4

6 yd

11 yd

Formula: _____

A = _____ square units
