Identifying and Extending Patterns

A **pattern** is a rule that repeats.

You can use the rule to find what comes next.

Example:

The rule is **blue, green**.

Directions: Look at each pattern. Write the rule. Then write the next three items in the pattern.

Rule: _____

Next three: _____, _____, _____

Rule: _____

Next three: _____, _____, _____

Rule: _____

Next three: _____, _____, _____

Rule: _____

Next three: _____, _____, _____

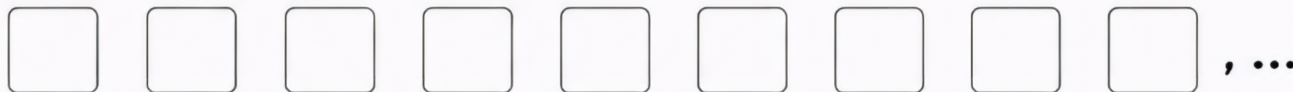

Rule: _____

Next three: _____, _____, _____

Bonus! Create your own pattern.

What is the rule for your pattern? _____
