Perimeter of Polygons Worksheet

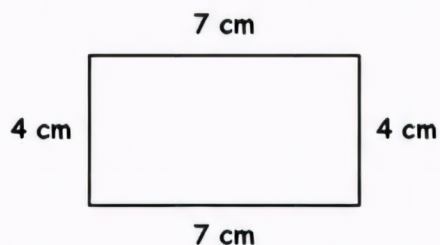

Perimeter is the total distance around a polygon.

Add the lengths of all the sides.

$$\text{Formula: } P = s_1 + s_2 + s_3 + \dots$$

Directions: Find the perimeter of each polygon. Show your work in the space provided.

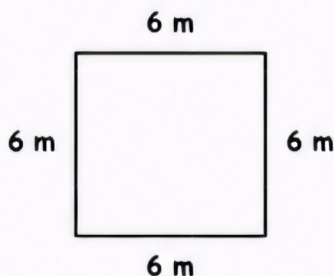

1 Find the perimeter.

Show your work here:

Perimeter = _____ cm

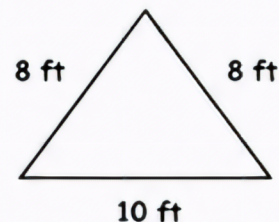

2 Find the perimeter.

Show your work here:

Perimeter = _____ m

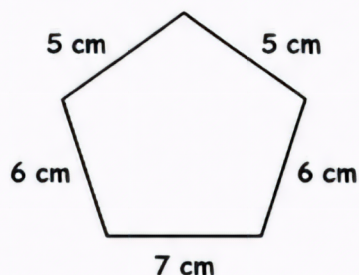

3 Find the perimeter.

Show your work here:

Perimeter = _____ ft

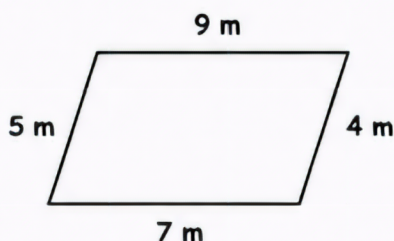

4 Find the perimeter.

Show your work here:

Perimeter = _____ cm

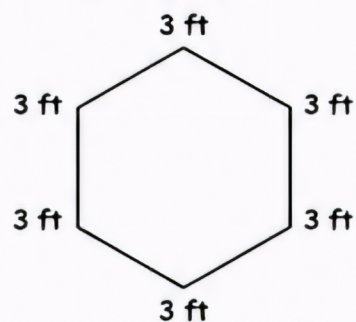

5 Find the perimeter.

Show your work here:

Perimeter = _____ m

6 Find the perimeter.
